

## **PRESS RELEASE**

### **PAPERLESS GOVERNANCE IN PLANNING COMMISSION**

The Planning Commission is in the process of implementing the concept of "Paperless Governance" which includes the automation of business processes/ workflows and digitization of the associated documentation. The huge activity is planned to be implemented in an ambitious timeframe of 8-9 months. About 25% of the digitization work has already been completed.

2. Planning Commission's web portal is the most comprehensive and credible repository of information regarding Pakistan's economic policy and public sector development initiatives. It contains reports, presentations, speeches and news about different development activities of the Government. The reports cover a wide range of areas, e.g., Economic Stabilization Initiatives of Government, Food Security Plan, Energy Security Plan, Annual Plans, Public Sector Development Plans, Mid-Term Reviews of Annual Plans and Five Year Plan, Long Term Vision, speeches of the President, Prime Minister, Minister for Planning and Deputy Chairman Planning Commission. The information on the web portal is regularly updated. People are requested to refer to Planning Commission's web portal ([www.planningcommission.gov.pk](http://www.planningcommission.gov.pk)) not only for obtaining latest information but also to provide their feedback/ comments for the improvement of policies, programs and projects.
